RAILROAD COMPANY ADJUSTS CLAIM OF CHARLEROI WOMAN

Pays Her Satisfactory Sum for the Death of Her Husband.

ACCIDENT OCCURRED 1907

Jesse Provins Was Killed, it is Said, by Swinging Crane from Wreck Train.

The Pennsylvania Railroad company yesterday made settlement with Mrs. Daisy M. Provins, of Charleroi, for the death of her husband at the local station on July 18, 1908. The settlement was made through Mrs. Provins' attorneys, Kennedy, McVicker and Hazlett, but the amount is private. However it is a snug sum.

Mrs. Provins's husband, Jesse Provins, was sitting on the pavement back of the Charleroi Hotel, when the accident occurred. Mrs. Provins had been away during the day at a picnic and was due to return on the evening train, and he was to meet her, according to the arrangements at the station. While he was sitting there a work train came along, and it is alleged that a swinging crane struck him on the head, inflicting injuries, which later resulted in his death at the Memorial hospital, Monongahela.

The settlement yesterday was for Mrs. Provins, and her three children, each to share. Suit was instituted by Mrs. Provins against the company for heavy damages within about 11 months after the accident. The railroad company made investigations and about six months ago stated that they were willing to come to terms. The settlement yesterday was the result.

WILL ENTERTAIN FOR MEMBERS ON WEDNESDAY WEEK

The Charleroi Co Operative Association is making arrangements for holding an educational meeting as well as a social in their hall at 620 Fallowfield avenue on Wednesday evening, May 25. A brief program open to all who attend has been prepared, the following subjects to be discussed: "The Advantages of Having a Social," "What Good Co-Operation Can do to Mankind," "Is it Not True That the More You Spend at the Co-Operative Store the More You Save?" Refreshments will be served at the close, and everybody is invited.

\$50-Texas-\$50.

You can join the special excursion train which leaves Columbia and Nashville, Tennessee, Tuesday, May 17, 1910, for San Angelo, Carlsbad and the Collins Ranch, Tom Green County, Texas, at Little Rock, Arkansas, by leaving Charleroi on 6:56 a. m. train on same date. Ticket for round trip \$50.00, good for 25 days with liberal stop over privileges on return.

Dream Social

The Ladies League of the Methodist church will hold a Dream Social in the basement of the church on Thursday evening June 2. An admission of 15 cents will be charged. Ice Cream and cake will be served free. 2271f

Many Charleroi People on Case to Begin Monday

About 25 witnesses, nearly all Charleroi people, have been subpoenaed on the case of Thomas Kinney to be placed on trial for his life Monday at Washington, charged with killing William Adams here on December 2, last. Kinney is said to be in good physical condition and will be able to undergo the strain.

CANTATA PLEASES AUDIENCE

For the purpose of raising money to defray the expenses of the annual outing and picnic of the school children, a cantata, the "Queen of May" was produced under the direction of Prof. I. T. Daniel at School Hall last night and will be produced again tonight. A good sized crowd witnessed the production last night, and a snug sum was realized.

The cantata is an excellent musical rendition. The choruses stood out well at the first night's performance, and some of the soloists did exceptionally well. Miss Edith Crill as Lois, Queen of May, took her part well, and others in the cast showed much adaptability to their parts. The May Pole dance of the chorus was very pretty, and called forth much applause. The production was really a notable achievement, and much praise is due Prof. Daniel, who did the training. The children who took part were comparatively young and inexperienced, yet they handled the difficult parts with an ease, which would do credit to older performers.

As extra features Mrs. I. T. Daniel sang a solo and Mrs. C. S. Joshua gave a reading. They will appear again tonight on the program.

Born-To Mr. and Mrs. Joseph R. Chalfant, of California, formerly of Charleroi, a son.

Sentences Defendant in Beer Case While Jury Deliberates

Judge McIlvaine Pulls off Good Joke on Jury, and When They Appear Gives Them Their Discharge.

While the jury was out yesterday in the case of Samuel Nachman, a beer agent for a Johnstown house, charged with selling liquor illegally, Judge McIlvaine pulled off what he called a joke on the jury. The jury had been out 24 hours and could not agree, and when Nachman withdrew his plea of not guilty and entered one of no defense, the court ordered a stet, which is a cessation of the process and discharged the defendant subject to good behavior. The jury was also discharged.

WILL TALK ABOUT PUBLIC BUILDING AT MONONGAHELA

Congressman John K. Tener is expected to be present at the meeting of the Monongahela Chamber of Commerce tonight and tell the Monongahela people something of the status of the public building bill now before Congress. A bill appropriating \$100,000 for this purpose has been introduced by Mr. Tener and the measure is now before the committee on public buildings for consideration.

METHODISTS AND EPISCOPALS TIE

The Methodist and Episcopal played each other to a stand-still in a five inning game last night, the final score being 6 to 6. The contest started off Methodist, the champs getting two scores in the first, McKeen and Mitchell scoring, and two in the second when the same two duplicated the feat. The Episcopalists retaliated in the second, however, but could only complete the circuit twice, Simcox and Spridek circling the bases. In the fourth, the Episcopalists began to touch up Kent rather lively and Hughes and Johnston chased over the pan with two more. The Methodists got one in their half, Capt. Riggs being the star base runner this period. In the fifth the Episcopalists continued their hitting, and sent Simcox and Spridek around for two counts. Darkness prevented the termination of the contest. The score:

"JOE" THOMPSON WILL TALK TO CHARLEROI MEN

The John G. Peyton Bible class of the First Presbyterian church, has secured Joe Thompson, the famous football and athletic coach of the University of Pittsburg, to give a talk to the men at the church on next Tuesday evening, May 17. Coach Thompson's talk will be on athletic training and the danger of dissipating and its effect. Thompson is the coach who last year pulled the University of Pittsburg football team through one of its most successful seasons.

MAD DOG ATTACKS THREE PERSONS AT BELLE VERNON

What was thought to be a mad dog bit three Belle Vernon people last night before it was shot. The dog was found roaming aimlessly about the main part of town in the early evening between 5 and 6 o'clock, frothing at the mouth.

The police were notified but before they could shoot the animal it had bit ten Francis Myford, 4 years old, Joseph Griffith, 10 years old, and John Burns, 19 years old. All three boys were attended by physicians, and they may be taken to a hospital later.

BRAKEMAN HAS VERY NARROW ESCAPE FROM INJURY OR DEATH

P. R. Reck, a brakeman on the evening passenger train due in Charleroi at 5:53 north bound is in a Pittsburg hospital as the result of an accident Wednesday evening. Reck was alighting from his train here, when it was slowing up for the station, and missed his footing. He rolled in under the train, and spectators momentarily expected him to have his legs and possibly his head severed from the body. By extraordinary agility he was able to extricate himself from his dangerous position, but his foot was caught, and some of the toes crushed.

Returns Home From Grand Convention

Miss Sarah K. Booth returned last evening from Erie, where she attended the grand convention of the Protected Home Circle. Miss Booth went as a delegate from Charleroi Circle, No. 303. The convention was in session for three days.

Scott

Mrs. Maud Scott of near Centerville was found lifeless in her bed Thursday morning. A father, mother, husband, eight children and one sister, Mrs. Jessie Beall of Somerset township survive her. Mrs. Scott was a daughter of Mr. and Mrs. John H. Wkins of Beallsville.

Charles R. Trew left Friday morning for Bentleyville to finish up a job of Civil engineering.

I. G. Roby of Uniontown spent Thursday night in Charleroi. Mr. Roby is one the State Inspectors of mine.

MONEY PLEDGED TO START WORK AMONG FOREIGNERS

Comet Gazers Out in Early Morning on the Hillside

Comet sight seeing has ripened into a pleasure these mornings, and nearly every morning, when the weather is fit, there are parties to be seen on the hillsides early searching for glimpses of the astral voyager. The usual hour when the sight seeing stunt is pulled off is between 3 and 4 o'clock, the comet being best to behold at this time.

MAJORITY DISTRICTS REPORTED

According to Census Supervisor Charles O. Frye, the majority of the reports of the enumerators in the rural districts and in boroughs having less than 5,000 population, 1900 census, are in. Tomorrow is the last day for making these returns, and no trouble is anticipated. Washington county has a larger population than any one of the other counties in the 21st district, and has one of the two incorporated cities, Monongahela. New Castle is the only other city in the district. There were only seven towns above the 5,000 mark, and the taking of the census was finished in them two weeks ago and reports turned in to Supervisor Frye. It is expected that the Census Department will be able to give a complete report of the population about October.

Federated Classes Will Meet Sunday

A meeting of the Adult Federated Bible class of the Charleroi district will be held at the First Presbyterian church Sunday afternoon at 2:15 o'clock. It is the regular monthly meeting. President James T. Heffran is expected to be in the chair and a good attendance is anticipated. All the pastors and Sunday school superintendents are requested to announce the meeting from their pulpits Sunday.

Missionary Convention Closes With Yesterday's Session. BIBLE SCHOOL MEETING

District Superintendents Will be Appointed in Groups to be Determined Later.

At the final session of the Western Pennsylvania Christian Missionary society held last evening at the First Christian church here, a sum of money was pledged for the purpose of carrying on the home mission work in this district. At the afternoon session there were hundreds of dollars pledged for the purpose of starting the work among the foreigners in the Western Pennsylvania district.

The afternoon session was the Bible school session, and the State superintendent, W. G. Winn, presided. At a superintendent's conference at its close, it was decided to group the districts and have district Sunday school superintendents appointed. The afternoon speakers were Rev. C. L. Thurgood, of Pittsburg, Rev. O. H. Phillips of Canegie, Rev. F. A. Cole of Washington and Rev. E. B. Quick of Braddock.

In the evening after the regular scheduled addresses by Rev. R. B. Mitchell of McKees Rocks, Rev. E. B. Quick of Braddock, and Rev. Charles E. Geer of Pittsburg, the formal leave taking took place. Many tributes were paid the members of the local church for their excellent entertainment of the numerous delegates and it was unanimously conceded that the convention was one of the best ever held. A number of the delegates remained over last night and returned to their homes today.

Line Up For Action.

With the primary election but three weeks off, the friends and neighbors of John K. Tener should prepare to give him their hearty and unanimous endorsement for renomination for Congress at the polls. As a loyal citizen of Charleroi, one of the promoters and builders of the town, and one who has worked early and late, in season and out of season, for the glory and advancement of the Magic City, Mr. Tener deserves this tribute from his neighbors, if for no other reason than for his staunchness in upholding the interests of Charleroi, and his loyalty to the people here.

But there are other reasons why Mr. Tener should command the united support of his neighbors in the river district for his return to Congress. His initial term in that body has marked him as a man of action, and his appointment to the Rivers and Harbors committee, which in a measure determines the future prosperity of this section, insures for us an ardent champion for the interests that affects us most vitally. An eastern Congressman on this committee would bend his energies to improving the Delaware river and the Philadelphia harbor in

advance of the Ohio river. Mr. Tener's work in getting the Government committed to a policy of canalizing the Ohio river during the next twelve years is a service to this district of inestimable value. This work can be materially hastened and completed long before the specified time with the proper effort and influence, and Mr. Tener can accomplish more along this line than one whose community is not so vitally affected.

Not the Tariff

On the floor of Congress Sen. S. Payne, one of the member who drafted the new tariff bill, pointed out some of the popular fallacies regarding the tariff and the cost of living. He showed conclusively in every instance that the articles that affect the consumers more closely have advanced in price more than anything else, were either not affected at all by the tariff or the duty had remained the same as in the late Dingley bill. This was particularly true in food and farm products, where the tariff either does not apply or was not changed.

Primarily, the tariff is first levied to provide revenue for the expenses of the Government. In the face of increasing expenditures it became necessary to provide more revenue, and this was done by the revision of the tariff last summer. The whole revision was downward, as Mr. Payne points out, but by increasing the duty on luxuries and at the same time reducing it materially on necessities, a decrease in the most essential imports was effected. The tariff does not suit everybody, but it is particularly acceptable to the people of Pennsylvania, the largest industrial community on the globe.

A guest in a Cincinnati hotel was shot and killed. The negro porter who heard the shooting was witness at the trial.

"How many shots did you hear?" asked the lawyer.

"Two shots, sah," he replied.

"How far apart were they?"

"Bout like dis way," explained the negro, clapping his hands with an interval of about a second between them.

"Where were you when the first shot was fired?"

"Shinin' a gemman's shoes in the basement of de hotel."

"Where were you when the second shot was fired?"

"Ah was passin' de Big Fo' depot."

THE GUARANTEED
KIND

BETTER Than ORDINARY READY MADE CLOTHES

The kind we sell you—made by Woodhull, Goodale & Bull—keep their shape.

The principal fault of the ordinary ready made kind is the coat front. It often wrinkles and loses its shape. The W. G. & B. kind won't because they're made with the patent front shown in the illustration.

If you want to be sure that your next coat will look right and stay right, be sure it's a W. G. & B. You're taking no chances when you buy this make. Every garment guaranteed by the makers

KING COAL.

While He Lives His Throne Is Fixed In the United States.

The part played by coal in the world's affairs can well be illustrated by assuming the available supply to be suddenly cut off. The huge railroad systems of America would stop at once. So also would the electric power and lighting in all cities and suburbs. Steamship service would cease everywhere. Transit facilities would be dead. Factories, manufacturing and shops would close down. Vast industries like steel, iron, copper, etc., would cease. Armies of laborers would be thrown out of work. Mills, schools, the navy, newspapers, foreign and internal trade—all would cease to exist. The trilogy governing commercial advance, heat, light and power, except a negligible amount of water, oil, etc., would be annihilated—all this until some other form of power could be developed. The possibility of such a cataclysm is not imminent, for coal will reign for some time yet and is destined to become a power whose capabilities have as yet been comparatively felt only more faintly than would a feather on the hide of an elephant.

The world needs coal. The United States has that coal to deliver. It will be wholly natural that so potent a necessity will make for continued peace and understanding among the powers of the world. The coal mines of Europe are sunk about 3,000 feet deep. Coal is still being quarried on the banks of the Ohio, and the mines of Europe are nearing the limit of commercial possibility. The manufacturing supremacy of the old world is passing to the new. Coal is king, and while he lives his throne is fixed forever in the United States.—Metropolitan Magazine.

An Unthought Pardon.

Among the stories of that former governor of Texas familiarly known as Sam Houston is more than one amusing tale.

There was a financial agent of the penitentiary who had warmly opposed the election of Governor Houston, but was particularly anxious to retain his own pleasantly lucrative position. Consequently the new governor was soon in receipt of a petition in which the man's years of faithful service and special qualifications for the place were set forth in glowing terms by himself.

The governor sent for him and said gravely, "It appears from this petition that you have been in the penitentiary eight years."

"I have," was the reply. "And during that time you have performed faithfully every duty that has come in your way to the best of your ability?"

"I have," answered the agent, his courage swiftly rising.

"Then, sir," said the governor, with the air of one conferring a priceless favor, "I pardon you out."

The Word "Wallop."

The origin of the familiar vernacular verb "to wallop" is not generally known. It comes from the family name of the earls of Portsmouth, Sir John Wallop, K. G., was admiral commander in the reign of King Henry VIII. of the fleet which avenged French raids by burning French ships and twenty-one French villages. This was called, in the current parlance of the times, "walloping" them, and the phrase passed into the language and still survives.

A Convenient Topic.

"I wonder what persuaded Mr. Bligh to believe in reincarnation?"

"The fact," replied Miss Cayenne, "that so few people know anything about it. It enables him to have the conversation almost entirely to himself."—Washington Star.

Education and Social

At their last meeting the Board of Directors decided to have a social for our membership. The date is Wednesday, May 25th at 7:30 p. m. at our hall. And to make things interesting the following subjects are to be discussed:

- 1st. The advantages of having a social.
- 2nd. What good Co-Operation can do for mankind.
- 3rd. Is it not true that the more you spend at the Co-Operative store, the more you save?

Do not fail to attend, and come prepared to take a stand for or against those subjects.

Refreshments served free.

How to Cure Eczema, Pimples, and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid results wherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. Piper Bros.

RAILROAD COMPANY ADJUSTS CLAIM OF CHARLEROI WOMAN

Pays Her Satisfactory Sum for the Death of Her Husband.

ACCIDENT OCCURRED 1907

Jesse Provins Was Killed, it is Said, by Swinging Crane from Wreck Train.

The Pennsylvania Railroad company yesterday made settlement with Mrs. Daisy M. Provins, of Charleroi, for the death of her husband at the local station on July 18, 1908. The settlement was made through Mrs. Provins' attorneys, Kennedy, McVicker and Hazlett, but the amount is private. However it is a snug sum.

Mrs. Provins's husband, Jesse Provins, was sitting on the pavement back of the Charleroi Hotel, when the accident occurred. Mrs. Provins had been away during the day at a picnic and was due to return on the evening train, and he was to meet her, according to the arrangements at the station. While he was sitting there a work train came along, and it is alleged that a swinging crane struck him on the head, inflicting injuries, which later resulted in his death at the Memorial hospital, Monongahela.

The settlement yesterday was for Mrs. Provins and her three children, each to share. Suit was instituted by Mrs. Provins against the company for heavy damages within about 11 months after the accident. The railroad company made investigations and about six months ago stated that they were willing to come to terms. The settlement yesterday was the result.

Many Charleroi People on Case to Begin Monday

About 25 witnesses, nearly all Charleroi people, have been subpoenaed on the case of Thomas Kinney to be placed on trial for his life Monday at Washington, charged with killing William Adams here on December 2, last. Kinney is said to be in good physical condition and will be able to undergo the strain.

CANTATA PLEASES AUDIENCE

For the purpose of raising money to defray the expenses of the annual outing and picnic of the school children, a cantata, the "Queen of May" was produced under the direction of Prof. I. T. Daniel at School Hall last night and will be produced again tonight. A good sized crowd witnessed the production last night, and a snug sum was realized.

The cantata is an excellent musical rendition. The choruses stood out well at the first night's performance, and some of the soloists did exceptionally well. Miss Edith Crill as Lois, Queen of May, took her part well, and others in the cast showed much adaptability to their parts. The May Pole dance of the chorus was very pretty, and called forth much applause. The production was really a notable achievement, and much praise is due Prof. Daniel, who did the training. The children who took part were comparatively young and inexperienced, yet they handled the difficult parts with an ease, which would do credit to older performers.

As extra features Mrs. I. T. Daniel sang a solo and Mrs. C. S. Joshua gave a reading. They will appear again tonight on the program.

Born-To Mr. and Mrs. Joseph R. Chalfant, of California, formerly of Charleroi, a son.

Sentences Defendant in Beer Case While Jury Deliberates

Judge McIlvaine Pulls off Good Joke on Jury, and When They Appear Gives Them Their Discharge.

While the jury was out yesterday in the case of Samuel Nachman, a beer agent for a Johnstown house, charged with selling liquor illegally, Judge McIlvaine pulled off what he called a joke on the jury. The jury had been out 24 hours and could not agree, and when Nachman withdrew his plea of not guilty and entered one of no defense, the court declared a mistrial, which is a cessation of the process and discharged the defendant subject to good behavior. The jury was also discharged.

WILL TALK ABOUT PUBLIC BUILDING AT MONONGAHELA

Congressman John K. METHODISTS AND EPISCOPALS TIE

The Methodists and Episcopalians played each other to a stand-still in a five inning game last night, the final score being 6 to 6. The contest started off Methodist, the champs getting two scores in the first, McKean and Mitchell scoring, and two in the second when the same two duplicated the feat. The Episcopalians retaliated in the second, however, but could only complete the circuit twice, Simcox and Spridek circling the bases. In the fourth, the Episcopalians began to touch up Kent rather lively and Hughes and Johnston chased over the pan with two more. The Methodists got one in their half, Capt. Riggs being the star base runner this period. In the fifth the Episcopalians continued their hitting, and sent Simcox and Spridek around for two counts. Darkness prevented the termination of the contest. The score:

Thompson is the coach who last year pulled the University of Pittsburgh football team through one of its most successful seasons.

MAD DOG ATTACKS THREE PERSONS AT BELLE VERNON

What was thought to be a mad dog bit three Belle Vernon people last night before it was shot. The dog was found roaming aimlessly about the main part of town in the early evening between 5 and 6 o'clock, frothing at the mouth.

The police were notified but before they could shoot the animal it had bit ten Francis Myford, 4 years old, Joseph Griffith, 10 years old, and John Burns, 19 years old. All three boys were attended by physicians, and they may be taken to a hospital later.

BRAKEMAN HAS VERY NARROW ESCAPE FROM INJURY OR DEATH

P. R. Reck, a brakeman on the evening passenger train due in Charleroi at 5:53 north bound is in a Pittsburgh hospital as the result of an accident Wednesday evening. Reck was alighting from his train here, when it was slowing up for the station, and missed his footing. He rolled in under the train, and spectators momentarily expected him to have his legs and possibly his head severed from the body. By extraordinary agility he was able to extricate himself from his dangerous position, but his foot was caught, and some of the toes crushed.

MAJORITY DISTRICTS REPORTED

According to Census Supervisor Charles O. Frye, the majority of the reports of the enumerators in the rural districts and in boroughs having less than 5,000 population, 1900 census, are in. Tomorrow is the last day for making these returns, and no trouble is anticipated. Washington county has a larger population than any one of the other counties in the 21st district, and has one of the two incorporated cities, Monongahela. New Castle is the only other city in the district. There were only seven towns above the 5,000 mark, and the taking of the census was finished in them two weeks ago and reports turned in to Supervisor Frye. It is expected that the Census Department will be able to give a complete report of the population about October.

Federated Classes Will Meet Sunday

A meeting of the Adult Federated Bible class of the Charleroi district will be held at the First Presbyterian church Sunday afternoon at 2:15 o'clock. It is the regular monthly meeting. President James T. Heffran is expected to be in the chair and a good attendance is anticipated. All the pastors and Sunday school superintendents are requested to announce the meeting from their pulpits Sunday.

Missionary Convention Closes With Yesterday's Session.

BIBLE SCHOOL MEETING

District Superintendents Will be Appointed in Groups to be Determined Later.

At the final session of the Western Pennsylvania Christian Missionary society held last evening at the First Christian church here, a sum of money was pledged for the purpose of carrying on the home mission work in this district. At the afternoon session there were hundreds of dollars pledged for the purpose of starting the work among the foreigners in the Western Pennsylvania district.

The afternoon session was the Bible school session, and the State superintendent, W. G. Winn, presided. At a superintendent's conference at its close, it was decided to group the districts and have district Sunday school superintendents appointed. The afternoon speakers were Rev. C. L. Thurgood, of Pittsburgh, Rev. O. H. Phillips of Canegie, Rev. F. A. Cole of Washington and Rev. E. B. Quick of Braddock.

In the evening after the regular scheduled addresses by Rev. R. B. Mitchell of McKees Rocks, Rev. E. B. Quick of Braddock, and Rev. Charles E. Geer of Pittsburgh, the formal leave taking took place. Many tributes were paid the members of the local church for their excellent entertainment of the numerous delegates and it was unanimously conceded that the convention was one of the best ever held. A number of the delegates remained over last night and returned to their homes today.

Line Up For Action.

With the primary election but three weeks off, the friends and neighbors of John K. Tener should prepare to give him their hearty and unanimous endorsement for renomination for Congress at the polls. As a loyal citizen of Charleroi, one of the promoters and builders of the town, and one who has worked early and late, in season and out of season, for the glory and advancement of the Magic City, Mr. Tener deserves this tribute from his neighbors, if for no other reason than for his staunchness in upholding the interests of Charleroi, and his loyalty to the people here.

But there are other reasons why Mr. Tener should command the united support of his neighbors in the river district for his return to Congress. His initial term in that body has marked him as a man of action, and his appointment to the Rivers and Harbors committee, which in a measure determines the future prosperity of this section, insures for us an ardent champion for the interests that affects us most vitally. An eastern Congressman on this committee would bend his energies to improving the Delaware river and the Philadelphia harbor in

advance of the Ohio river. Mr. Tener's work in getting the Government committed to a policy of canalizing the Ohio river during the next twelve years is a service to this district of inestimable value. This work can be materially hastened and completed long before the specified time with the proper effort and influence, and Mr. Tener can accomplish more along this line than one whose community is not so vitally affected.

Not the Tariff

On the floor of Congress Sen. S. Payne, one of the member who drafted the new tariff bill, pointed out some of the popular fallacies regarding the tariff and the cost of living. He showed conclusively in every instance that the articles that affect the consumers more closely have advanced in price more than anything else, were either not affected at all by the tariff or the duty had remained the same as in the late Dingiey bill. This was particularly true in food and farm products, where the tariff either does not apply or was not changed.

Primarily, the tariff is first levied to provide revenue for the expenses of the Government. In the face of increasing expenditures it became necessary to provide more revenue, and this was done by the revision of the tariff last summer. The whole revision was downward, as Mr. Payne points out, but by increasing the duty on luxuries and at the same time reducing it materially on necessities, a decrease in the most essential imports was effected. The tariff does not suit everybody, but it is particularly acceptable to the people of Pennsylvania, the largest industrial community on the globe.

ELECTRIC SPARKS

Don't Peek.

It isn't wise to seek too much. The water in the brook is clear and most inviting if with only eyes you look. But when you get a microscope and look you'll get a jar, And like as not the things you see will start you for the bar.

Some merchants judge the condition of business by the number of benefit tickets they buy and the amount of goods they donate for public affairs.

The popular idea of a popular man is one who knows all about the comet and keeps it to himself.

President Taft has an eye to business as well as to pleasure. He has named

Roosevelt, who is in Europe, the official ambassador to attend King Edward's funeral, and thus saved the money necessary for sending another man.

The common people are certainly being blessed. Congressman Aldrich is going to retire from his seat.

Rainy weather interferes with a church convention the same as it does with a baseball game.

Some Fayette county enumerators have complained that the Connelville Chamber of Commerce found fault with them for not counting all the families. Never mind, fellows, of course a Chamber of Commerce is never responsible for its actions.

Some fellows were noticeably minus a carnation last Sunday, but that doesn't say that they weren't as fond of their mothers as those who wore a superabundance of flowers.

It is said that Kennedy is making one of those old time still hunts with out leaving any tracks by which he can be traced—No. 1 Castle Herald. Does that mean he is sort of a mysterious individual moving around no one knows where?

Tibet is a place of mystery, but it is not half as mysterious as Ernest Acheson would have us believe his movements are.

Some Sprinter

A guest in a Cincinnati hotel was shot and killed. The negro porter who heard the shooting was witness at the trial.

"How many shots did you hear?" asked the lawyer.

"Two shots, sah," he replied.

"How far apart were they?"

"'Bout like dis way," explained the negro, clapping his hands with an interval of about a second between them.

"Where were you when the first shot was fired?"

"Shinin' a gemman's shoes in the basement of de hotel."

"Where were you when the second shot was fired?"

"Ah was passin' de Big Fo' depot."

FOR ASSEMBLY

Republican Chairman
C. Wesley Yarnall

Dr. C. Wesley Yarnall, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, deceased, of the Pittsburgh M. E. Conference. He was born in Claverville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he attended coal and night school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburgh and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., graduating in the class of 1889. He then engaged in the practice of medicine in Erie and Beaver, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. lodges. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends, and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected, I am in favor of personal registration, and better election laws.

I am in favor of the New School Code when perfected, and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition, and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege to become acquainted with him while he was at the head of the Civil Service Commission in the 50's.

I have the principles and policies he has given us as applied to Borough, Township, County and State government, with better out condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,

C. WESLEY YARNALL.

TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Holly Springs, Miss.—"Words are inadequate for me to express what your wonderful medicines have done for me. The doctors said I had a tumor, and I had an operation, but was soon as bad again as ever. I wrote to you for advice, and began to take Lydia E. Pinkham's Vegetable Compound as you told me to do. I am glad to say that now I look

and feel so well that my friends keep asking me what has helped me so much, and I gladly recommend your Vegetable Compound."—MRS. WILLIE EDWARDS, Holly Springs, Miss.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give everyone confidence.

If you would like special advice about your case write a confidential letter to Mrs. E. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Gray Hair.

The Logical Explanation.
There is a great deal of misinformation about the care of the hair and the cause of hair getting gray prematurely. It is to be believed that in some families gray hair was hereditary. Like blue eyes and quick temper, Science, however, has proved that gray hair is simply a lack of the proper hair food, and is in every case an individual problem. Premature gray hair is easily preventable, and when it does appear all that is necessary is to apply some reliable hair food such as DAY'S HAIR HEALTH. This standard remedy is entirely harmless and is in no sense a dye, being a preparation rich in the exact kind of sustenance that the scalp needs to keep the hair from decaying. Gray hair is simply a sign of decayed hair. One of the most valuable books on the care of the hair can be had from the Philo-Hay Specialties Company, Newark, N. J., U. S. A.

How to Cure Eczema, Pimples, and Dandruff.

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for Eczema, pimples, and dandruff. Yet, we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid results wherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin disease explaining in some words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy. Piper Bros.

BETTER Than ORDINARY READY MADE CLOTHES

The kind we sell you—made by Woodhull, Goodale & Bull—keep their shape.

The principal fault of the ordinary ready made kind is the coat front. It often wrinkles and loses its shape. The W. G. & B. kind won't because they're made with the patent front shown in the illustration.

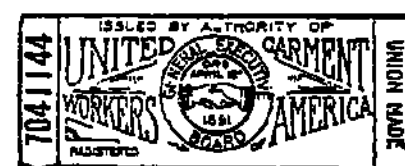

If you want to be sure that your next coat will look right and stay right, be sure it's a W. G. & B. You're taking no chances when you buy this make. Every garment guaranteed by the makers.

KING COAL.

While He Lives His Throne Is Fixed In the United States.

The part played by coal in the world's affairs can well be illustrated by assuming the available supply to be suddenly cut off. The huge railroad systems of America would stop at once. So also would the electric power and lighting in all cities and suburbs. Steamship service would cease everywhere. Transit facilities would be dead. Factories, manufacturing and shops would close down. Vast industries like steel, iron, copper, etc., would cease. Armies of laborers would be thrown out of work. Mills, schools, the navy, newspapers, foreign and internal trade—all would cease to exist. The trilogy governing commercial advance, heat, light and power, except a negligible amount of water, oil, etc., would be annihilated—all this until some other form of power could be developed. The possibility of such a cataclysm is not imminent, for coal will reign for some time yet and is destined to become a power whose capabilities have as yet been comparatively felt only more faintly than would a feather on the hide of an elephant.

The world needs coal. The United States has that coal to deliver. It will be wholly natural that so potent a necessity will make for continued peace and understanding among the powers of the world.

The coal mines of Europe are sunk about 3,000 feet deep. Coal is still being quarried on the banks of the Ohio, and the mines of Europe are nearing the limit of commercial possibility. The manufacturing supremacy of the old world is passing to the new. Coal is king, and while he lives his throne is fixed forever in the United States.—Metropolitan Magazine.

An Unsought Pardon.

Among the stories of that former governor of Texas familiarly known as Sam Houston is more than one amusing tale.

There was a financial agent of the penitentiary who had warmly opposed the election of Governor Houston, but was particularly anxious to retain his own pleasantly lucrative position. Consequently the new governor was soon in receipt of a petition in which the man's years of faithful service and special qualifications for the place were set forth in glowing terms by himself.

The governor sent for him and said gravely, "It appears from this petition that you have been in the penitentiary eight years."

"I have," was the reply. "And during that time you have performed faithfully every duty that has come in your way to the best of your ability?"

"I have," answered the agent, his courage swiftly rising.

"Then, sir," said the governor, with the air of one conferring a priceless favor, "I pardon you out."

The Word "Wallop."

The origin of the familiar vernacular verb "to wallop" is not generally known. It comes from the family name of the earls of Portsmouth. Sir John Wallop, K. G., was admiral commander in the reign of King Henry VIII, of the fleet which avenged French raids by burning French ships and twenty-one French villages. This was called, in the current parlance of the time, "walloping" them, and the phrase passed into the language and still survives.

A Convenient Topic.

"I wonder what persuaded Mr. Bligh to believe in reincarnation?"

"The fact," replied Miss Cayenne, "that so few people know anything about it. It enables him to have the conversation almost entirely to himself."—Washington Star.

Education and Social

At their last meeting the Board of Directors decided to have a social for our membership. The date is Wednesday, May 25th at 7:30 p. m. at our hall. And to make things interesting the following subjects are to be discussed:

- 1st. The advantages of having a social.
- 2nd. What good Co-Operation can do for mankind.
- 3rd. Is it not true that the more you spend at the Co-Operative store, the more you save?

Do not fail to attend, and come prepared to take a stand for or against those subjects.

Refreshments served free.

Bring your wife along; our hall has a seating capacity of 200
